Belated Happy

Hanukah

Kwanzaa

and a very Happy New Year!

Dear Paul Green Foundation Trustees:

I think we've had quite a successful 2012 with the adoption of the **Restructuring Committee's** thoughtful recommendations. Thanks to everyone for their dedicated efforts toward a more streamlined Foundation.

The **Development** and **Grants Committees** will be meeting in the New Year to establish the criteria for their responsibilities. The **Finance Committee** is already hard at work.

Once we've heard from the various committees, a 2013 budget will be developed and sent to you for your approval. Warmest wishes, Marsha
